

WOMEN DEMAND EQUAL SUFFRAGE

Reports Show That the
Franchise Question
Is Active.

HOPE FOR THE FUTURE

Many Important Matters Were
Touched at Today's Ses-
sion of Convention.

RAISED THE STATE DUES

Today has been a red letter day in the 28th annual convention of the Wisconsin W. C. T. U., not only because of the excellent services, but because the union rejoices in the presence of Mrs. L. M. N. Stevens of Portland, Me., president of the national W. C. T. U., Miss Anna Gordon, of Evanston, Ill., vice president at large of the national organization and Mrs. Mary H. Hunt of Boston, Mass., national superintendent of scientific temperance instruction.

These illustrious guests of the convention arrived early this morning and were present with the W. C. T. U. workers at the afternoon session.

Opens Morning Session
The morning session of the W. C. T. U. convention was well attended and was called to order by Mrs. Upham. A few moments after 9 o'clock, an inspiring devotional service was conducted by Miss Lois Russell, the permanent state organizer and lecturer. She read a few verses of Scripture relating to Paul's conversion, and then drew a helpful lesson. Mrs. Elvies of Marshfield closed the devotional service with a fervent prayer.

The first part of the morning was devoted to the reports of the superintendents of departments and suggestions as to future work. This part of the program was of vital interest to the delegates.

Christian Citizenship
Mrs. M. A. B. Smith of Madison, superintendent of the department of legislation and Christian Citizenship for the first department she suggested that the unions must organize their work. Interest the ministers and secure monthly meetings. Conduct a department in the local papers if possible; interest the Sunday schools; conduct no license campaigns; obtain statistics of results and costs of the drink traffic; in fact the unions must do everything that they can.

Mrs. Smith's work in the legislature was especially interesting. She confessed that she had not been as brave as she ought to have been especially in trying to secure the anti-cigarette law the assembly passed but the senate turned down. She went before the senate committee but when she began to work among the senators she was discouraged by the remark of one senator who told her that he bill would have been passed if the women had kept still.

For Woman's Suffrage
Mrs. M. M. Sanders of Racine, the superintendent of the suffrage department expressed her gratitude at seeing the suffrage color used in the decorations of the church. The franchise department has distributed three times as much literature as ever before, has held three times as many parlor meetings and secured the publication of twice as many articles in the newspapers. 288 have placed their names on the permanent enrollment list. The state now has a woman factory inspector, one woman on the board of regents for normal schools and the University of Wisconsin.

Many legislators have stated their belief that the bill for universal suffrage would have passed at this session had there been organized effort behind it and also believe that the bill will surely pass at the next session if the women do their part. Wisconsin women are now entitled to vote on all school questions and are urged to exercise their right.

Compliment to Dr. Crow
In the course of her report Mrs. Sanders paid a very neat compliment to Dr. Louise Crow of this city, saying that the work which Mrs. Crow did in the interests of the osteopathy bill would be very helpful to the W. C. T. U. women. Mrs. Crow spent several weeks at Madison and won the highest respect for her womanly work among the legislators. Mrs. Sanders testified that the legislators speak in the highest terms of their esteem for Dr. Crow.

Medal Contests Important
Mrs. Lizzie Axon of Lodi urged the importance of medal contests. No line of work is more conducive to pleasure because the workers see the results. Medal contests educate, agitate and make money. The work needs better organization and county

superintendents who can't work should resign.
The speaker urged the importance of matrons' contests, the paying of trainers and the advisability of combining musical and oratorical contests.

For Parliamentary Law
Mrs. V. H. Campbell presented the importance of the parliamentary law department, saying that if the other departments were the ground floor of W. C. T. U. work, parliamentary law is the whole structure. The most practical and methodical woman in each union should conduct the work which is a means of development for the union and of growth for the leader. A union with a good knowledge of parliamentary law is like a railroad with a well ballasted road over which the trains run smoothly. Parliamentary law is the light house which guides organizations safely through all difficulties.

On Sabbath Observance
Mrs. K. V. Stevens of this city spoke briefly on Sabbath observance urging the workers not to be discouraged, because the petitions asking for the Sunday closing of the Buffalo exposition had been spurned. She recommended strongly the posting of the state law on Sabbath observance in public places.

Mrs. Upham presented the work of the school of methods very briefly.

Six Leading Counties
Dane, Green, Rock, Grant, Sauk and Outagamie were announced as the six counties having made the greatest gain in membership during the year and brief and very interesting addresses on the work in these prosperous counties were made by the county presidents, Mrs. M. A. B. Smith of Madison, Mrs. Kate Taylor of Brodhead, Miss V. H. Campbell of Evansville, Mrs. Cora B. Parker and Mrs. Hawthorne.

The president of Sauk county was not in attendance. The addresses brought out the various methods used to gain members.
An Appeal for the L. T. L.
Mrs. J. W. Black of Racine gave a very interesting report of the work of the Loyal Temperance Legion, emphasizing the points made in the conference and urging the unions to support and encourage the work. In the state there are 46 Junior Legions and 85 Senior Legions with an enrolled membership of 2,042. During the past year there have been thirty-five new members. The motto of the L. T. L. is to learn good things, do good things and have a good time. Miss Addie Austin, representative of the Woman's Temperance Publication, spoke for a few minutes, giving the convention some information concerning the literature table. She spoke a few words for the Union Signal, the Motor and the Young Crusader, the official W. C. T. U. and L. T. L. papers.

W. C. T. U. Movement in Japan
Miss Watson, a returned missionary from Japan and one of the emissaries of the Woman's Foreign Missionary society of the Methodist church, spoke entertainingly of the W. C. T. U. work and kindred temperance movements in Japan. The growth of the work has been great and now Japan has a law, secured through the influence of a native temperance work, making it a crime to sell or give tobacco in any form to men under twenty. A similar liquor law is being agitated. In nearly all of the Japan schools there are Y. W. C. T. U. organizations.

Rev. Frank Poorman spoke a few words of sympathy and fraternal greeting after which Mrs. C. E. Bigelow of Chicago was called for. Mrs. Bigelow is a cousin of the late Frances E. Willard and she spoke very briefly about the Temperance hospital at Chicago. Mrs. Bigelow has been connected with the W. C. T. U. hospital for many years. She was greeted with the Chautauqua salute and at the close of her remarks she and Miss Austin were made members of the convention by courtesy.

Raised the State Dues
After much discussion the convention, by a vote of 180 to 24, decided to amend the by-laws so as to make the state dues sixty cents per member instead of twenty-eight cents, thus doing away with extra apportionments.

Mrs. E. W. Shores of Ashland sang beautifully an appropriate solo after which Mrs. Upham conducted a beautiful memorial service for deceased members. Mrs. M. P. Rindlaub of Platteville led in prayer and several departed temperance workers were spoken of lovingly, many eyes being dimmed with tears during the affecting service.

The morning session closed with singing and prayer by Miss Russell.
Afternoon Session
At two o'clock the afternoon session opened with an evangelistic service of spiritual power conducted by Mrs. Townsend of Ohio.

Mrs. Upham then introduced Mrs. L. M. N. Stevens, the national superintendent, and the large audience greeted her with a fluttering of handkerchiefs, a greeting that was afterward just as heartily given to Miss Gordon.

Mrs. Stevens spoke a few words of loving response, telling the women that she knew how hard it was for

LARGEST WARSHIP ON THE HIGH SEAS

U. S. TO BUILD FASTEST BATTLESHIP KNOWN.

Will Be a Powerful Vessel and Will Have a Displacement of 16,000 Tons—Mounts Four 12 Inch, Sixteen 8 Inch, and Thirty-Two 3-Inch Guns—Designs Being Prepared.

Washington, D. C., May 22.—The United States navy is to have the largest, most powerful and fastest battleship that has ever been constructed. It is to have a displacement of 16,000 tons, which is 1,000 tons more than the displacement of the most recent additions to the British navy, and of the Georgia and Virginia recently ordered for our own navy. Rear Admiral Bowles, chief of the bureau of construction and repair, was today authorized by the naval board of experts to proceed with the preparation of designs for the construction of this formidable floating war engine.

Rear Admiral Bowles is satisfied that a 16,000 ton vessel can be built with greater speed and with heavier batteries, yet without increased draft that will prohibit her from entering many shallow American harbors.

Plans will be submitted to congress next session for one 16,000 ton battleship mounting four 12-inch, sixteen eight inch and thirty-two three inch guns, a battery unequaled by that of any fighting vessel ever launched. This battery would surpass the combined batteries of any two armored cruisers and with a speed of twenty-one knots an hour the ship would be the most powerful fighting machine on the seas.

PROPOSE TO STOP ORIENTAL DANCES

Eau Claire Woman's Club Aim a Blow at the Exhibitions Given at Street Fairs.

Eau Claire, Wis., May 22.—The Eau Claire Woman's club came out yesterday in severe denunciation of Oriental dances. The question occupied a goodly portion of the afternoon, though there was perfect unanimity on the question.

The resolutions were presented by Mrs. Galloway, and the measure passed almost without a dissenting vote. The tent shows are especially under the ban of the woman's club.

The protest was aimed directly at the Eau Claire street fairs where it was said that improper exhibitions have been held, and if an attempt is made to hold such a fair this summer committees of women will meet with its managers. If the protest does not then avail, the women will go to the mayor and other city officials and demand that the laws be strictly enforced. There is every probability that women's clubs in other parts of Wisconsin will take steps like those of the local clubs. The Eau Claire women hope to put a stop to the exhibitions in the other Wisconsin cities, if their sisters act as they have done.

AN AGED KANSAS COUPLE ARE ELOPERS

Man of 81 and Woman of 60, Run Away from Their Children to Get Married.

Greenup, Ky., May 22.—An eloping couple whose combined ages foot up to 141 years, passed through here en route to some Ohio town to be married.

William Henderson, giving his home as Lawrence county, Kan., and his age at 81, has been a widower for a number of years and is the father of a large family of grown-up and married children. The youngest son and his wife kept house for the old man.

Mrs. Martha Janes, a widow, aged 60 lived on an adjoining farm alone. She, too, has a large family of grown-up sons in the neighborhood. The old people fell in love, but their children objected to their marriage, hence the elopement.

Mr. Henderson says that he has plenty of money and, expects to devote considerable time to travel. The couple will visit Cincinnati, St. Louis, Chicago and the Pan-American exposition.

Crosby Is American Champion
Springfield, Ill., May 22.—The shoot for the Dupont cup and American championship ended this morning in victory for William Crosby of Alton, Ill. He killed 109 straight birds, Gilbert missed on the one hundred and ninth and the only other contestant, Sconce, missed on one hundred and thirty.

Will Start Home Saturday
San Francisco, May 22.—It is officially announced that the presidential party will start home Saturday.

CROPS NEED RAIN IN MANY SECTIONS

DROUGHT HAS BECOME SERIOUS IN PARTS OF WISCONSIN.

Spring Wheat is Coming Up Well, But Oats Have Been Injured by Dry Weather—The Fruit Outlook, Especially for Apples, is Somewhat Less Promising.

Washington, D. C., May 22.—Although frosts occurred in the upper Ohio valley, and northern portion of the Middle Atlantic states, only slight damage resulted, and as a whole the temperature conditions throughout the country were favorable. Drought has been largely relieved in the southern states, but continues in western and southern Texas, Southern Louisiana and portions of Alabama and Florida, and the continued absence of rain in the central valleys and lake region is proving detrimental, rain being now much generally needed throughout these districts. The Pacific coast states have experienced a favorable week, although it was rather cool, with too much rain in western Washington.

Spring wheat is coming up well and the early sown has made good growth. Rain is, however, needed to germinate some of the late sown. Oats have been injured by dry weather in the central valleys and in the southern states, and the condition of the crop is not promising although materially improved in Georgia. Seeding is about completed in the most northerly districts.

Transplanting of tobacco, has begun in Maryland and Virginia, and will begin soon in Kentucky. In Indiana and Ohio plants are nearly ready to set. In South Carolina, drought prior to recent rains seriously injured the stands of tobacco. The fruit outlook is somewhat less promising in the Missouri and Upper Mississippi valleys, but on the whole continues favorable, although the prospect for apples in some important apple states is not encouraging.

Wisconsin—Heavy frosts early in week, damage slight; practically no rain except in few localities, drought becoming serious; corn planting is about completed in southern section and progressing rapidly in central and northern; spring grains put in with drill came up nicely and, look well, but broadcast seedings poor; grass and pastures making slow growth; fruit trees blooming profusely except apple trees, on which blooms are generally scanty.

CADETS THROWN OUT FROM WEST POINT

Five Troublesome Ones Dismissed, Six Others Are Suspended, and More Will Be Reprimanded.

Washington, D. C., May 22.—Five cadets dismissed outright, six others suspended for terms varying according to the seriousness of their offenses and a number of others publicly reprimanded—this is an epitome of the decision reached by Secretary Root this afternoon at the conclusion of a three hours' conference with Superintendent Mills of the West Point Military Academy.

The names of the cadets who are to be disciplined are being withheld but the department let it be known that young MacArthur, son of the general commanding the American forces in the Philippines, who had been mentioned as one of those likely to be dismissed, would be neither dismissed nor suspended. The offenses charged against him are of comparatively insignificant character and if he is punished at all he will be simply reprimanded.

STRIKE PROMISES TO BE SHORT LIVED

Washington, May 22.—Teleggrams are still pouring into the executive offices of the machinists' association, a majority indicating a general decrease in the number of men out and that all along the line with but few exceptions employers are seeking arbitration.

Suicide of a Bank Clerk
Cambridge, Mass., May 22.—Fred Foster, an employee of a Cambridgeport bank, confessed this morning that he had attempted to blow up the institution with dynamite yesterday. A few minutes after he was locked up he shot himself in the heart.

American Liner Ashore.
Hamburg, May 22.—The American liner Ascania is ashore at Areal near the gulf of Aden. She has eight feet of water in her hold.

Osmond Gunderson, one of the heavy dealers in leaf tobacco at Stoughton, was in the city yesterday.

GIVE CARNIVAL AT MADISON

Church People Object, But Business Men Will Spend More Than in 1900

Madison, Wis., May 22.—Despite the vigorous and long drawn out protest of the church going people of the city, Madison, "the pearl of shimmering lakes, the home of law, the seat of learning, and the citadel of power," is to have a carnival next fall, more brilliant and gorgeous than that of last year, which was characterized by the local newspapers as being only a degree less warm than the home of heat itself. The Four Thousand club which is practically a reorganization of the Carnival association, discussed the subject last night and virtually decided to support the project.

TO GIVE THE PASSION PLAY

British Columbia Indians Arranging for the Big Production

Vancouver, B. C., May 22.—Preparations are being made for the production by British Columbia Indians of the Passion Play.

There will be 2,000 Indian participants in this big religious festival, which will be held at the village of Chilliwack from June 3 to June 10. The production will take place in the open air.

Father Chirouse, a veteran Roman Catholic priest, has prepared the Indian actors who will have the principal parts in the great spectacular event.

Killed 100 Boxers

Pekin, May 22.—A force of Boxers fleeing from the Chinese regulars in the interior ran into a company of Germans. In the fight which followed one hundred Boxers were killed.

A SQUALL STRUCK TWO SHAMROCKS

King of England Was on Board the Challenger, But Escaped the Wreckage Unhurt.

Cowes, May 22.—While the two Shamrocks were starting to race today the masts and sails of the new boat were carried away. King Edward was aboard the new Shamrock and witnessed the disaster. The yachtsmen received the news with consternation. The accident occurred in a squall. The old boat also lost her top sail.

Great preparations had been made for the day's spin. The king came down from London on a special train early in the morning. He soon boarded the challenger and boats immediately began maneuvering around for a start.

Suddenly a terrific squall swooped down the Solent, striking both yachts with full force, knocking down masts and tearing loose sails. The king was on the deck near the stern end and with others he dodged the falling wreckage and escaped injury.

There was tremendous excitement on shore when the news of the accident and the monarch's danger arrived. The wrecked yachts were quickly towed ashore. When the news that the king was safe reached the people there was great cheering.

SILVER SERVICE FOR A WARSHIP

Commission Leaves Milwaukee for San Francisco Bearing Present from State to Battleship

Milwaukee, Wis., May 22.—The members of the Wisconsin battleship commission left for San Francisco last night to present the silver service that is the gift of the commonwealth to the vessel that bears the state's name. The party consisted of Senator Dwayne Stebbins and wife of Algoma; Julius Bleyer and wife of Milwaukee; Dr. J. C. Reynolds, Benoni O. Reynolds, Chas. S. French, and R. B. Arndt of Lake Geneva.

TENNESSEE RIVER ON THE RAMPAGE

Chatanooga, Tenn., May 22.—The Tennessee river went on a rampage last night, causing over half a million dollars damage in this vicinity. A number of children were drowned and one man died from fright. Over a dozen bridges were washed away.

Many Firemen Will Go To Elkhorn

Elkhorn, Wis., May 22.—The local committees appointed by the Elkhorn fire department are making preparations for the state firemen's tournament to be held here June 19, 20 and 21. It is stated that there will be more teams to compete in the different contests than at any previous tournament. One hundred fire companies will be represented in the tournament.

BOXING MATCHES ARE FORBIDDEN

Governor La Follette Stops a Meeting at Fond du Lac Last Night.

MANDATE WAS STRICT

Means That No Sparring Exhibitions Will Be Allowed in the Badger State.

NOTICE SERVED ON SHERIFFS

Fond du Lac, May 22.—Obeying the orders issued by Governor La Follette, Sheriff Sheridan last evening served notice on Will McLaughlin, one of the promoters of the boxing carnival arranged for last evening at the opera house, and the mill was declared off. There was no getting around the instructions issued the sheriff and district attorney, and the officers informed the promoters that he contest should not come off.

The Governor's Mandate
The mandate from the governor was as follows:

"To the district attorney and sheriff of Fond du Lac county: You and each of you are directed to take such action as will absolutely prohibit any prize fight from taking place anywhere in your county. It will not be held to be a compliance with this order in any respect should you allow a contest to commence and then stop it as no violation of the statute whatever must be permitted, and no more mere error in judgment will be accepted as an excuse for such violation. You and each of you will be held accountable for the strict enforcement of this order. Robert M. La Follette."

No More Fights in State
With a view of knowing the exact meaning of the governor's instructions, Sheriff Sheridan reached him by telephone and informed him that the bill for last evening provided only boxing bouts for points. It was then that he was told that no contest was to take place in Fond du Lac or any city in the state, and that the sheriffs in the several counties in Wisconsin had been served with a similar notice to that received by Mr. Sheridan.

This practically abolishes boxing contests in this state.

IRISH EMIGRATION HAS FALLEN OFF

Census of the Last Decade Shows an Unprecedented Slump in the Rate of Decrease.

London, May 22.—The sensible check in the decrease of the population of Ireland as shown by this year's census is exciting considerable comment. The census of the last decade showed an unprecedented slump in the rate of increase. For five decades previously the rate of decrease had progressively declined. In 1851 the rate was 19 per cent.; in 1861 it was 11 per cent.; in 1871 it was 6 per cent.; and in 1881, 4 per cent, but in 1891 it was 9 per cent or double that of the previous decade. The present census shows that the decrease was only 5 per cent, which, although greater than that of 1881, is only a little more than one half that of the decade from 1881 to 1891.

In 1891 the population of Ireland was 4,704,750. This year it is 4,456,546, a decrease of 300,000. The emigration from Ireland during the last decade has fallen off very rapidly until it has been reduced by more than one half.

Previously to 1891 the number of persons emigrating had steadily increased from the year 1815. In that year the total emigration from the British Isles to all countries was only 2,081. Ireland has shared in the general decline which set in ten years ago.

INVENTS STORAGE BATTERY

Edison Has One Which Will Do Three Times As Much As Others

New York, May 22.—At the annual meeting of the American Institute of Electrical Engineers held here last night, Arthur E. Kennelly, read a technical paper on a new storage battery invented and perfected by Thomas A. Edison. From the report it would seem that the new invention is of great importance. Edison claims that, weight for weight, size and cost being equal, the new storage battery will do about two and one-half times as much work as the present battery of commerce.

MAYOR WELCOMES THE DELEGATES; WHITE RIBBONERS MAKE RESPONSE

Pleasant Session of the Wisconsin W. C. T. U. Convention Held in Auditorium of Congregational Church Last Night--Details of Meeting

Last evening's session was devoted to the formal welcoming of the convention and words of greeting given by the various speakers were eloquently endorsed by the magnificent audience which filled the body of the church and a part of the gallery. Several young ladies officiated charmingly as ushers.

Mrs. Upham presided and much of the brightness of the evening's program was due to her witty introductions and comments on the happenings of the evening. She responded briefly and happily to two or three of the addresses of welcome and her jolly lack of formality and perfect naturalness infected the whole program with a spiciness and entertaining quality that was altogether delightful.

Chorus of Welcome

The session opened with a rousing chorus of welcome sung in a spirited manner by the combined children's choirs of the Court street and First M. E. churches under the able direction of D. D. Bennett with Mrs. F. F. Lewis at the organ. The words of the selection were written especially in honor of the W. C. T. U.

Presiding Elder W. W. Stevens led the large assembled audience in an eloquent prayer after which the choruses of the Congregational church sang a beautiful anthem "Who is This That Cometh From Eden" with a tenor solo, well rendered, by C. N. Van Kirk. The anthem was a delightful number and was heartily appreciated by the audience.

Greeted by Mayor Richardson

Mayor Victor P. Richardson very happily welcomed the visitors in the behalf of the city, reaching the hearts of his hearers immediately by saying that it would be difficult for him, a life long resident and native of Janesville, to welcome the convention to this city without recurring to Miss Willard, one of the greatest influences in W. C. T. U. work and at one time a resident of this city. She often expressed her love for this city and it is natural to feel that the beautiful surroundings among which she lived had a large influence in the formation of her beautiful character.

Mayor Richardson said that the city would gladly welcome the convention for Miss Willard's sake alone but it was also glad because the citizens are in sympathy with the work of the organization and ready to help all they can. The W. C. T. U. must find much of disappointment especially in the passing of laws of which it does not approve. It should remember that law is really a compromise which enables all classes of people to live together with the least amount of friction.

In all society there are two extremes, one element seeking to build up and one to tear down. W. C. T. U. workers, like public officials, must often find it difficult to move a few people toward any reform, while it is almost impossible to move a large number. Janesville is not willing to acknowledge that it needs temperance work any more than other cities but is glad to have the W. C. T. U. women here.

Rev. Henryson's Remarks

Rev. J. T. Henderson said that it scarcely seemed necessary for the churches to extend a word of welcome. One church had opened its doors and this was typical of the attitude of all of the churches. They and the press had given the coming of the convention a wide announcement. The churches find reason for welcoming the convention in the glorious achievements of the past, because of the work which the W. C. T. U. is engaged in at present and because of the spirit of their work.

The threshold of the twentieth century is better and brighter because of the W. C. T. U. The greatest work the organization has done is the creation of public sentiment for temperance and because its members are Christians in word, deed and spirit, the churches are glad to welcome the W. C. T. U.

Applauded Supt. Mayne

The most forceful address of welcome and the one full of sentiments which were frequently applauded by the W. C. T. U. women was given by Supt. D. D. Mayne. As the representative of the schools he said he was glad to welcome the visitors because their work was one, the schools and the W. C. T. U. being collaborators in educational work. It was a great stroke of policy when the W. C. T. U. discovered that he real place to accomplish reform is through the children and secured the law requiring temperance instruction taught in the public schools of every state daily.

In no other way could the women have so multiplied themselves and people have no idea of the vast influence of this daily instruction. As Mayor Richardson had said, there are two influences in society but the only organization that dares exert a positive influence against the destructive forces is the W. C. T. U. There are many negative influences, many that are no influence at all. A

prominent member of a liquor men's association had declared he didn't care for churches or societies but he was afraid of the fanatics of the W. C. T. U. They made all of the trouble. Unless something is speedily done in Janesville for a better enforcement of law it will be a sad day for the bringing up of the children.

When Christian men see evil and simply smile there is something for the positive W. C. T. U. influence to do. The men of Janesville are scared and he with the rest does not dare to do his duty. They must turn to the women. So they are glad to welcome the W. C. T. U. and hope they may come here many times.

Response by Mrs. M. A. B. Smith

Mrs. M. A. B. Smith of Madison responded very prettily to this welcome saying that it gave her genuine pleasure to do so especially because she had once been a teacher, because she was the mother of three sons and because the W. C. T. U. believes not only in prevention and reformation but also in education. The law of scientific temperance instruction gives the Union great reason for thankfulness although it is not enforced as it should be because of a lack of penalty, the indifference of school boards and the lack of interest by parents.

Compliments Senator Whitehead

People are timid in demanding mental and moral rights. Mrs. Smith took occasion to compliment Senator Whitehead on his vote with the minority on the anti-cigarette law, the defeat of which she deplored. The W. C. T. U. has a department for every line of educational work. From the Loyal Temperance Legion to the Christian Citizenship department is one upward grade. No duty is so hard to teach as Christian citizenship but the cause for which the W. C. T. U. stands must be won with ballots not bullets.

Mrs. Ella Hotelling Tanberg gracefully represented the woman's clubs in welcoming the visitors. She said she was proud to be a club woman and a member of organized club effort for needed reforms but she ventured the prophecy that in a few years there will be no women's clubs, no W. C. T. U., but men and The School Art auxiliary of this city has proved such a union desirable and profitable. The city has a baker's dozen of woman's clubs with 400 members. It boasts one of the oldest woman's clubs in the state and the next to the oldest art club in the United States. All the clubs were one in extending hearty welcome to the visitors.

Good Word for Woman's Clubs

Mrs. Augusta W. Bolds of West Superior, a club woman and a W. C. T. U. member responded very pleasantly saying that while the woman's clubs and the W. C. T. U. were members of different households, a near kinship bound them together. The past three decades have accomplished wonderful things. The woman's study club and more interested in the living questions of the day. The W. C. T. U. has abandoned largely the reformatory work, and having learned that its mission must be accomplished through educational work, has engaged in formative work. The W. C. T. U. woman has learned not to give herself so entirely to the work and the woman's club member is growing less self centered. Thus the two organizations are coming closer together.

Welcome by Vie Campbell

Brightly and cleverly did Mrs. Vie H. Campbell of Evansville, president of the Rock County W. C. T. U., voice the county's right royal welcome. She said that Rock county has been looking forward to the coming of the state convention ever since its previous visit to Janesville in '76. It is said that when one visits in Boston, the question is what does she know? In New York how much is she worth? In Philadelphia who were her parents? In Pittsburgh what can she do? In Chicago where does she come from? But when she comes to Rock county the question is how long can she stay? This is not because Rock county has inherited greater hospitality nor because it is more a matter of habit but because the county is glad to have the convention here. In welcoming it, the county honors itself. The convention is welcome to this county because it is the embodiment and manifestation of a God given idea; because it has God in its thought and in its hands the potentiality for the preservation of homes. In closing Mrs. Campbell paid a touching tribute to the woman whose name is always spoken with reverence, Frances E. Willard, and then turning to Mrs. Upham, presented her with a beautiful bouquet of pink and white carnations hoping that the "sweet posies" would bear the welcome which she had voiced. It was a pretty courtesy and one which Mrs. Upham and the audience appreciated.

Mrs. E. A. Poorman, president of

the Janesville union very prettily voiced its welcome in quite poetic language. Her address was brief, was full of an expression of the prayerful spirit in which the local union welcomes the workers of the state and telling something of the good results which the union hopes will follow the convention both for the good of the city and for the advancement of the W. C. T. U. cause. One of the delights of the evening was Mrs. Christine Hawley's solo. She sang the National W. C. T. U. rallying song, "The White Ribbon Star Spangled Banner," the words to which were written by Miss Kate London. Mrs. Hawley sang in beautiful voice and with a depth of expression that made the selection especially effective. Mrs. J. F. Pember played her piano accompaniment. A collection was taken and the Rev. W. W. Stevens pronounced the benediction.

Guests of the Art League

There will be no more enjoyable occurrence of the convention than the delegates and their friends in this city enjoyed at the close of last evening's program as the guests of the Janesville Art League, that progressive and hospitable organization of which this city is justly proud. The Sunday School room was fragrant with the sweet scent of lilacs and honey suckle branches which were banded profusely all around the room which was crowded full of sociable people.

The receiving line included Mrs. A. E. Tanberg and Mrs. Charles Tarrant, president and vice president of the Art League; and representing the state W. C. T. U., Mrs. Upham, president; Mrs. Cooke, treasurer; Mrs. Lawson, corresponding secretary; Mrs. Strong, recording secretary; Mrs. M. A. B. Smith, Mrs. Campbell and Mrs. A. W. Bolds. Hundreds of people enjoyed clasping hands with these ladies.

Baumann's mandolin orchestra furnished exquisite music during the reception and frappe was served by six young ladies at the frappe tables charmingly. The ladies of the Art League were on the alert to see that every guest had an enjoyable time and they were successful. The reception was a delightful affair and much credit is due the officers, the members and the special committee of the Art League which included Miss Charlotte Prichard, Mrs. Charles Tarrant and Mrs. F. A. Capelle.

Big Minstrel Show.

Roscoe & Holland's big minstrel festival will be seen at the Myers Grand, Friday, May 24. All the brains, energy and long experience with this line of attraction can do has been done to make this the crowning effort of many a successful year. Of the principal funmakers engaged in Billy Kersands, who received the highest salary ever paid a colored minstrel comedian; John Rucker, the most original of comedians known as the "Alabama Blossom," "Happy Beauregard," the Lone Star Coon, Fosey & Powers, the "Real Coons." The scenery this season is a strutting feature. Every act has its own special scenery and electric effects, the most elaborate being the grand first part setting "The Oriental Terrace" and the big ensemble "Down Among the Cypress." The monster street parade takes place at 2:30 p. m.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MAY BE NATURAL GAS UNDER OIL FIELDS

GUSHING WELLS IN TEXAS ARE ONE OF THE EVIDENCES.

Relative Value of the Beaumont District as Compared with Other Fields in Russia and This Country—Value in Money of a Single Well, Staggers Belief.

(Special by Scripps-McRae League.)

Beaumont, Tex., May 22.—As one of the oil men have put it, the rank-and-file tenderfoot has as much absolute knowledge of the extent and nature of the oil deposit under this field as the best informed expert.

Whether there is a large or small lake of the precious fluid or whether it lies in pools or in a subterranean river and whether the quantity is small or unlimited are matters of almost abstract speculation. The generality of opinion among those who have studied the phenomena of oil in other fields, notably Russia, California, Pennsylvania and Ohio, is that a vast lake of oil, so vast in the quantity of its product as to be practically inexhaustible, underlies this part of the Lone Star State. At least that is what these men claim to believe. That the wish is father to the theory is possible.

The gushing of the wells is one of the evidences these men cite in support of their idea. They say that this proves clearly to them that the oil lake has a vast area and that its quantity is so great as to be beyond the comprehension of man.

The Beaumont field is said to be almost identical in character of oil, geological conditions and relative location with the Russian fields. The product of both fields is of the heavy fuel variety. The Russian oil is 26 degrees B. gravity; the Beaumont is 23 degrees B. gravity. Each field is near tidewater, the one near the Caspian sea, the other the Gulf of Mexico.

The most productive strata in each case is found at from 1000 to 1500 feet from the surface.

Each well has an asphalt base and the walls of each are through practically the same formation, loose soil and sand.

The Lucas gusher spouted to a height variously estimated at from 175 to 200 feet, the oil being forced upward by a pressure of over 5500 pounds to the square inch. This great pressure is accounted for on the theory that below the oil lake, or river, or pool, or whatever it is, are vast deposits of natural gas, which of itself would be a discovery of incalculable value had not Mother Nature in her magnificent generosity put the more valuable oil on a higher cavity.

Here are a few figures that show the relative value of this field as compared with other fields: The average daily production of the wells in the eastern fields is less than two barrels each, while one Beaumont gusher produces as much as 37,000 of these wells. The daily production of the first half dozen gushers that "came in" at Beaumont is more than six times the daily production of all the California wells; more than twice as much as those of Pennsylvania, and nearly half as much as the aggregate production of all the wells in the United States. Is it any wonder, in the face of these stupendous figures that millions upon millions of capital from the few dollars hard earned savings of the Texas farmers to the colossal fortunes of the eastern and western capitalists are pouring into this southeastern Texas country; that land which without known oil was worth \$20 an acre is now held at \$100,000 an acre even before oil has been struck on it; that every man, woman and child in this part of Uncle Sam's domain, talks and dreams and thinks of oil to the almost exclusion of all else?

Is it any wonder that men have been willing to sleep in hallways, walk the streets all night, eat food that at home would not be offered to a beggar, pay two or three prices for life's necessities and make the best of every known physical discomfort, that they might watch the development of this great oil field and share in its riches?

The value in money of a single well such as the Lucas or Beatty, or Star and Crescent, for one day, challenges the most Croesus-like imagination and staggers belief. Seventy thousand barrels of oil every twentyfour hours at forty cents a barrel! Figure it up for a year and the price of \$1,350,000 paid for the Beatty well the day after it "came in" is surprising because of its littleness. Beatty and his associates are not oil men. They are real estate men. Then understand the latter game in all its intricacies and the money received from the sale of their well made it possible for them to make deals which they could not have made, without that working capital. They are making their money out of the enhanced land values; some one else will make it out of the oil.

This new field possesses a great advantage over every other producing field, by its nearness to tidewater. Twenty miles from Spidleton Heights, where the gushers are located, is Port Arthur, connected with the Gulf of Mexico by a ship canal

seven miles long, 183 feet wide and deep enough for the deepest draught tank steamers.

The present monopoly of the eastern fields was made possible for the reason that those fields are scattered over a territory of many hundreds of miles in extent requiring a great system of transportation to get the product to the consumer. The trunk lines of the Standard Oil Co., connecting these eastern fields with the seaboard represents an investment of \$25,000,000. This is one of the important secrets of the Standard's power in the east. It does not seem possible that any transportation monopoly of the Beaumont production can ever be brought about. Powerfully entrenched and rich as it is, the Standard nor any other company or individual, can ever control the traffic of Nature's water highways. The smallest schooner can carry freight as cheap if not cheaper, than the greatest steamship. The construction of a pipe line to tide water from the Beaumont field requires an investment of but \$150,000. Any one of these wells would warrant a pipe line. A company capitalized at \$500,000 can build a pipe line as cheaply as the Standard.

This is why the independent oil men who are developing this field smile at the suggestion that they will sooner or later have to pay tribute to the greatest of all industrial octopuses.

"There is just one way for the Standard to control the output of the Beaumont field," said one of the big operators; "that is for it to buy every bit of oil land in this part of Texas at the owners' price, and I guess that is a contract that even the Standard does not want to undertake."

WRECK ON THE RIO GRANDE.

Train Runs Into a Washout Near San Carlos, Col.

Pueblo, Col., May 22.—Passenger train No. 115 on the Rio Grande railroad, ran into a washout near San Carlos, ten miles south of here, last night, and was wrecked. The engine rolled over into St. Charles creek, but the rest of the train remained on the bank. It was thought at first that there had been loss of life and the hospital train was sent from here, but beyond a shaking up no injury was done the passengers.

Streams Are Booming.

Fort Worth, Texas, May 22.—It has been raining almost continuously for a week in the Panhandle country, and, as a result, all streams are booming and damaging overflows are expected. Near Waggoner, on the Denver & Fort Worth railroad, the tracks are under several feet of water and several washouts have occurred, while the running of trains on the Wichita Valley road was entirely abandoned Sunday. Part of that road is submerged and in several places water put out the fire in the fireboxes of the engines.

Lost in Flooded Mine.

Hazleton, Pa., May 22.—Samuel Clingerman and two miners named Gallagher and O'Donnell were imprisoned in a colliery by a rush of water yesterday. They were probably drowned.

Volunteers on Way Home.

Washington, D. C., May 22.—A cablegram from Manila announces that the Hancock, Buford and Aztec sailed Saturday with volunteers. The Logan, Kilpatrick and Ohio will sail not later than the 30th, and the Grant and Thomas will return as soon as they arrive in Manila and can be loaded. These transports will bring home all of the volunteers.

TAKES PLACE OF AGUINALDO.

Malvar, the Filipino General Proclaims Himself Dictator.

Manila, May 22.—It is announced from the headquarters of the Federal party that the negotiations looking to the surrender of General Malvar have failed and that General Malvar has proclaimed himself dictator in succession to Aguinaldo. It is said that he will reconstruct the insurgent force of 1,800 men who are scattered in Batangas, Tayabas, Laguna, and Mindoro, and that the new insurgent army will be commanded by four generals. Malvar's changed attitude is inexplicable. The official emissaries of the Federal party, Senator Lopez, and ex-General Trias, conferred for two weeks with Malvar in the mountains. The latter finally closed the negotiations by saying the Filipinos wanted more independence than the Canadians and desired autonomy like that granted to Australia by Great Britain. He denounced the Federals as chickens hatched by the Americans, and said the Conservatives were hatched by the friars. The leaders of the Federal party deplore the threatened continuation of hostilities in the rich provinces above mentioned. They say that Malvar's anti-American wife is responsible for his refusal to surrender. It is probable that a strong expedition will be sent against him, and his rendezvous for insurgents will be destroyed.

W. L. Webb of the St. Paul railroad was in the city yesterday.

"Played Out"

Is one of the curious expressions used for *worked out*. Many a woman drops into a chair, in utter weariness "all played out," and wonders why she feels so weak. She has not yet realized that the general health is so intimately related to the local health of the womanly organism, that weakness must follow womanly diseases.

Restoration of the general health invariably follows the use of Dr. Pierce's Favorite Prescription. It regulates the periods, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It tranquilizes the nerves, encourages the appetite and induces refreshing sleep.

There is no substitute for "Favorite Prescription," for there is nothing "just as good" for womanly ills.

"I wish to advise the suffering women of this great land, of the good I have received from Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. Mary Shappell, of Columbus Grove, Putnam Co., Ohio. "For four years I had been a sufferer from female troubles, and at times was unable to do even the housework for three in the family. I had such pains that I suffered almost daily dozens of times, but after taking five bottles of your medicine I can truthfully say that my health was greatly improved. I have a good appetite and am gaining in flesh right along. This spring is the first time in five years that I have done my house cleaning all by myself and without the least fatigue whatever. I hope all suffering women may find relief as I have done."

"My gain in weight has been just ten pounds, and I am still gaining."
Dr. Pierce's Common Sense Medical Adviser, 1008 large pages, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only, or for cloth-bound book, send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

What S. S. S. Does for Children

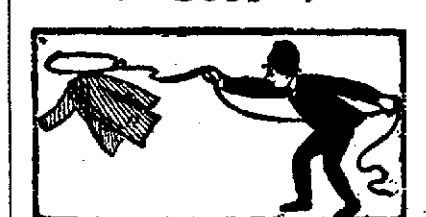

Children are constantly exposed to all sorts of diseases. The air they breathe is filled with germs, sewer gas and dust from the filthy streets are inhaled into the lungs and taken into the blood. At the crowded school rooms and other public places they come in contact almost daily with others recovering from or in the first stages of contagious diseases. You can't quarantine against the balance of the world, and the best you can do is to keep their blood in good condition, and thus prevent or at least mitigate the disease. You have perhaps learned from observation or experience that healthy, robust children (and this means, of course, children whose blood is pure) are not nearly so liable to contract diseases peculiar to them, and when they do it is generally in a mild form. On the other hand, weak, emaciated and sickly ones seem to catch every disease that comes along. This is because their blood is lacking in all the elements necessary to sustain and build up the body. Poisons of every description accumulate in the system, because the polluted and sluggish blood is unable to perform its proper functions.

Such children need a blood purifier and tonic to give strength and vitality to their blood, and S. S. S., being a purely vegetable remedy, makes it the safest and best for the delicate constitutions of children. S. S. S. is not only a perfect blood medicine, but is pre-eminently the tonic for children; it increases their appetites and strengthens the digestion and assimilation of food. If your children have any hereditary or acquired taint in their blood, give them S. S. S. and write to our physicians for any information or advice wanted; this will cost you nothing, and will start the little weaklings on the road to recovery. Book on Blood and Skin Diseases free.

NOTICE TO CONTRACTORS.

STREET IMPROVEMENT.
Office of Street Assessment Committee, City of Janesville, Wis., May 7, 1901.

Sealed proposals will be received at this office until the 8th day of June, 1901, at 2:00 o'clock p. m., for furnishing all material and doing all the work necessary and required to improve the following named streets, in the City of Janesville, Wisconsin, according to the respective specifications, profiles, plans and details on file in the office of the city clerk of said city, for the inspection of bidders, to-wit: That portion of South Second street which extends from the westerly side of Wisconsin street to the westerly side of East street, being about 330 lineal feet; of South Third street which extends from the easterly side of South Main street to the westerly side of Jackson street, being about 1,384 lineal feet; of North Bluff street, which extends from the northerly side of East Milwaukee street to the southerly side of North First street, being about 300 lineal feet; of Franklin street which extends from the southerly side of Dodge street to the northerly side of Pleasant street, being about 234 lineal feet; of Second street, which extends from the easterly side of High street to the westerly end of Mitchell's Fourth Addition, being about 1,189 lineal feet; of Academy street which extends from the southerly side of West Milwaukee street to the northerly side of Pleasant street, being about 137 lineal feet; all to be graded to a sub-grade, and surfaced with macadam, together with curbing and gutters, according to the specifications separately prepared for each of said streets.

Work shall be commenced on Pleasant, Academy and Marion streets on or before the 15th day of June, 1901, and the whole work shall be completed on or before the 1st day of September, 1901; Franklin street on or before the 15th day of July, 1901, and the whole work shall be completed on or before the 1st day of September, 1901; North Bluff street on or before the 1st day of September, 1901, and the whole work shall be completed on or before the 1st day of November, 1901; falling in which the contractor shall pay to the city of Janesville as liquidated damages, the sum of twenty-five dollars per day for each and every day's delay in completing said work.

Directions to Bidders.
Each bidder must accompany his bid with a contract and bond, with not less than two sureties, who are well and truly holders of the state of Wisconsin, and shall justify as to their responsibility and by their several affidavits show that they are worth in the aggregate at least the amount of the entire contract price in proportion to the amount of the work to be done. Said contract and bond must be accepted in lieu of personal sureties.

Said contract and bond, with sureties, must be completely executed on the part of the contractor, with the exception of the signature on the part of the city clerk.

THIS IS A POSITIVE REQUIREMENT OF THE CHARTER AND MUST BE COMPLIED WITH.

Bids failing to comply with the above requirements will not be considered.

No bid will be considered that does not contain prices for doing the entire work on said street, as called for in the specifications, profiles and plans.

Bidders must submit proposals to do the work according to the specifications, profiles, plans and details for each street, stating thereon in prices respectively per square yard of brick gutters; per square yard of macadam pavement; per cubic yard of grading; per lineal foot for furnishing stone curbing; per lineal foot for furnishing combination curbing and gutter in place; per lineal foot for furnishing curb and gutter in place and per lineal foot for setting curb and gutter in place. The same shall be applicable to said streets, under said specifications, profiles and plans.

The bids for the work and material on each of said streets will be canvassed separately and considered in the aggregate based on the estimated quantities named in the specifications and awarded as separate contracts and on each of said streets. All bids and the accompanying contract and bond must be written on the blanks prepared by the undersigned for the purpose, and prices should be stated in writing and in ink, and all bonds must have attached thereto internal revenue stamps to the amount of fifty cents.

All bids should be marked on the envelope "Street Assessment Committee," with the name of the street marked thereon, on which said bid is made, and filed in the office of the Street Assessment Committee in the City Clerk's office, in said city.

N. B.—Blanks for proposals and blank contract and bonds for each street will be furnished on application to the city clerk.

The work to be done on each street will be decided by the Street Assessment Committee. The said committee reserves the right to reject any and all bids.

PAN AMERICAN EXPOSITION

FRED J. BAILEY,

General Mgr.

OFFICES: D. S. MORGAN BUILDING.

H. W. M.

C. D. Gregg Tea & Coffee Co.,

St. Louis, Mo.

Gentlemen:—

I enclose you contract for the supply of coffee for the Bailey Catering Company, at the Pan-American Exposition, to be held in Buffalo during the coming summer. In the selection of your coffee, in competition with samples submitted by a number of the largest importers and roasters in the country, I have been governed entirely by the quality of the same. My experience with the coffee supplied to me during the past year or so by your house has been so uniformly satisfactory that I feel that I could do no better than to complete this arrangement with you. The amount of coffee which this involves will probably amount to as much or more than has ever been supplied to one consumer in the same length of time, and I congratulate you upon your enterprise in having secured this contract.

Very truly,
BAILEY CATERING CO.

THE CONVENTION.

The W. C. T. U. convention now in session in the city, represents an organization that is distinctive, and women in the world.

There are women's clubs of various kinds, touching the arts and sciences as well as the industries in which women are interested and while many of these are local in character, some of them are considered of sufficient importance to combine in federations, and as a result take on national significance.

A gathering of this kind was held in Milwaukee last summer, which was noted principally for fine wardrobes, and an ambition to establish the color line. One woman appeared at her hotel with eleven trunks and was quite indignant because she did not find them all in her room half an hour after her arrival. The colored delegate from Boston is still looking for her credentials.

The W. C. T. U., however, does not resemble this class of organizations in any respect. It does not aim to develop art, is not seeking pleasure, does not devote time to the study of history or literature, but attempts a work that is purely Christian and philanthropic.

The make-up of this organization is democratic in character, combining all classes of women, the rich and the poor, the high and the low, the cultured and the uncultured, women of all churches and no church, all prompted by one common impulse, to save weak humanity from itself, and lift men and women from the bondage of depravity into the clear sunlight of freedom and self respect.

It is very apparent that back of this impulse that incites to so much faithful work, is the spirit of the Master, and while the greatest measure of success may not always crown the effort, yet very much has been accomplished by the workers. There is nothing that contributes more to the sinfulness of original sin, than the poison of drink, that fires the veins, and deadens the sensibilities.

There is no habit that fastens its deadly fangs so completely and transforms its victim to a demon so thoroughly.

The use of this poison is so universal that the wreckage resulting is not confined to place or locality, and so everywhere, throughout the fair land, object lessons appeal to sympathy and inspire in the heart a desire to help weak humanity.

If all the penalty, entailed by the drink habit was paid by the victim, there would be more sorrow, and less practical sympathy, but it is a case where the innocent suffer and are powerless.

Homes are broken up, wives neglected, children are ashamed of their parentage, crime multiplies, and under these deplorable conditions, which are so common that they are frequently overlooked, it is the most natural thing in the world, that women with hearts full of sympathy, and souls stirred with righteous indignation, should step out as the vanguard and say to the world, "We are here to check the tide, and help the weak, and under the white ribbon banner of purity, to lead men and women away from sin and suffering."

Whatever of criticism may be offered, and however impractical the "hatchet," and some other methods may be considered, the Woman's Christian Temperance Union is accomplishing much, and the organization is entitled to every encouragement, along all practical lines.

There has never been a time when Christian temperance work was needed, more than it is today. Personal liberty, so much discussed in modern times, is simply another title for license, and the more this pernicious doctrine is cultivated, the more thoroughly does the disciple become possessed of the notion that accountability rests entirely with the individual.

The man who drinks, justifies himself with the thought that it's nobody's business, and the result of his spree, however disastrous it may be to the home, is the natural product of personal liberty.

In the brighter light of a more perfect civilization, the question, "Am I my brother's keeper?" will not be so startling, and the rank and file of humanity will be closer to the vanguard of "white ribboners."

The Gazette expresses popular sentiment in wishing the women of the W. C. T. U. substantial success in every practical undertaking.

THE NEXT PRESIDENT.

If a man in public life can survive the friendship of his fool friends he is to be congratulated.

The second administration of President McKinley is less than ninety

days old, and his successor is already being selected.

Senator Dewey thinks that President McKinley should succeed himself. That many questions of grave importance will need attention, and that no other man in the nation is so well qualified to act.

Some of Senator Hanna's friends in Philadelphia, are starting a boom for that gentleman, while Wisconsin men are thinking of Senator Spooner.

About the easiest way to beat a horse in a hard race, is to score him to death before the start, and about the easiest way to kill a public man for prospective office is to pound him over the course before the track is in condition.

Four years is some distance ahead and a lot of conditions may arise that are not now perceptible to a vivid imagination. It will be ample time for the republican party to nominate a candidate for president, when the time comes. Competition is usually narrowed down to two or three men, and it sometimes happens that a single candidate has the field to himself, as was the case at Philadelphia last summer. Both Mr. McKinley and Mr. Roosevelt were the logical candidates.

It is just as well to let time take its course, and watch the trend of events. The republican party will unite on some strong, available man, but who the man will be, can not be determined four years in advance.

THE MACHINISTS' STRIKE.

The fact that a prominent labor organization, has decided that it is necessary, in the interests of labor, to quit work, because their demands are not complied with, will be generally regretted.

The grievance involves a principle that has to do with the number of hours that shall constitute a day's work. It ignores the fact that high priced machinery, expensive plants, and millions of capital are idle to accommodate an unreasonable demand.

It cares not that many unfilled contracts are based on a ten-hour day, and that when an hour is dropped from the schedule it means a loss of ten per cent. on labor.

It fails to appreciate the more important fact that it is only a step from the bench to the time server, and that when a man joins the ranks of time servers, in any department, he cuts off his last opportunity for advancement.

The great army of toilers, on farms, and railroads, in stores, and offices, and in many other channels, know nothing about an eight, nine or ten hour day. The average business man keeps but little track of time, but it is left to the artisan, whose first obligation is to some labor organization, to bow to the will of an agitator, and obey the orders of the walking delegate.

The machinists are making a mistake. They may win, but if they do the victory is too cheap to cause rejoicing or inspire congratulation, except in the ranks of time servers. The men who win in this world are not the men who watch the clock.

WHAT ABOUT THE GIRLS?

Practical education for boys is being freely discussed now-a-days, but what about the girls? Manual training along the lines of developing industrial skill, has already won its way to the front, and every well organized high school, supports this important equipment, but the boys monopolize this department very largely and the conclusion naturally follows that the boy needs the practical, while the girl should be satisfied with the ornamental.

The percentage of girls that graduate from a high school course, and go on into the normal, is always largely in excess of the boys, for the reason that many more of them propose to teach. As a result, the supply of teachers is always in excess of the demand.

Why it is that girls possess such a mania for teaching, can only be explained by the fact that the calling is considered more genteel than dress making, millinery, or any industrial work, where girls find employment.

This crazy ambition to teach school not only overstocks the market, but it frequently burdens the schools with teachers who have missed their calling, and whose principal ability is in a hand full of knowledge, which they attempt to apply by main strength. This is hard on the teacher, but a good deal harder on the school.

It requires genius to build a hat, to cut and fit a dress, to preside as a nurse in a sick room, or as a cook in the kitchen, but it requires more than genius to successfully teach school, for with it must be combined tact, love of children, sympathy with child life, and the ability to impart knowledge.

But a large majority of the school girls, are not prepared to teach school. Many of them are obliged to take up the work of life, before a course of study is completed, and many others, who may go through the graduation, have no serious thought, for either the present or future.

The most of them, if in normal condition of mind, possess a large hope that some fine day, some fine young man, will make love to them and ask them to help him build a home.

A laudable ambition, and most commendable. The young woman

who never possessed it, has missed a rare jewel.

While this ambition is commendable, and quite universal, the fact is all too frequently overlooked, that it requires more genius, more tact, more self sacrificing love, and more patience, to preside in a home than in a school room, or any other department where unmarried women attempt to work out a destiny.

Every girl should have an ambition to be self supporting and self-reliant. If there is any reason why a boy should have a practical education, there is every reason why the girl should have the same advantages.

With her knowledge of books and music, should be acquired a knowledge of cooking and sewing, and all the handicraft that contributes so largely to well developed womanhood. She may never have occasion to use any of them, but it is well to be prepared for emergencies, and the husband is always an emergency.

The cooking class is a good adjunct to any high school. It should be supplemented by the various industries that equip a girl for active life and add to her resources. Life is something of a lottery for women. The chances are reduced and the journey made easier by practical preparation in the school room.

"Just two old married lovers," tells the whole story in the domestic life of President and Mrs. McKinley, a glimpse of home life that would have been denied the public, but for the western tour of the president's family. With the true greatness that unusual responsibility has developed, the president has retained the old time gallantry that contributes so largely to the hold he has upon the people.

At this season of the year, people should be reminded that there is a market for teachers, as well as for the commodities of life. A teacher has a market value, and is worth to Janesville just what her services will bring anywhere. Janesville has no more a right to fix a price for teachers, than she has to fix the price of corn or tobacco.

While European governments are racking their brains in endeavoring to pay bills, Sec'y Gage is racking his brain in an endeavor to reduce the surplus of \$150,000,000, now in the treasury. Democratic secretaries have never been troubled in this way, and so cannot offer their sympathies on this occasion.

The fact that Winston Churchill is the son of an American woman ought not to prejudice the English against him. England is learning many things from their "cousins," and a sprinkling of American youth in old staid Parliament, will further England's interests more than any quantity of "has beans" can ever accomplish.

Kaiser William is heaping insult on injury in the contrast he has made in his devotion to his grandmother, Queen Victoria, and his mother, the queen's oldest daughter. His lack of interest in his dying mother, who is one of the world's brightest women, is condemned by thinking people the world over.

The new auditorium of the Janesville High school is the largest and most completely equipped audience room in the city and will remind thousands of citizens of the practical ability and foresight of Supt. Mayne and the board of education that made it possible, when the building was erected.

The Presbyterians will be glad when the church decides what it can believe and what it cannot. It must be a relief to some to have other people do all their thinking for them.

Corn King Phillips can be excused for making a fortune in his Board of Trade maneuvers, so long as he has made many fortunes for the western farmer.

CHANGE IN MANNER OF ASSESSMENTS

Real Estate is Taken Separately from the Buildings and Improvements on the Property.

A radical change has been made this year in the manner of assessing property. Heretofore the real estate and the buildings were assessed together. This year the real estate is assessed separately from the buildings or improvements.

The assessment sheet is ruled this year so that the valuation of the real estate and the improvements are given in separate columns. The new law is also more stringent about

property being assessed at its full real valuation.

Under the new system the assessment roll's will show at a glance the valuation of the real estate separate from the improvements.

This new system makes considerably more work for the assessor but will be more satisfactory in the end.

EVANSVILLE.

Evansville, Wis., May 21.—The following is the list of the graduates from our high school: Jesse Blake, Margaret Burnham, Burr Libby, Mabel Ames, Meda Stevens, Stella Rahy, Nettie Knutson, Hugh Jehu, Warren Rowley, Hattie St. John. Commencement is June 7th.

Rev. and Mrs. Peter F. Starr of Whittenbury, Wis., are visiting at the home of Dr. Stair this week. Mrs. Stair is an elocutionist of some renown throughout the state having

elocution at Lawrence university and having assisted at Monona Lake assembly last year. She gave a very fine rendition of Mother Arnold's "Resurrection," at the M. E. church on Sunday evening.

The Evansville boys were victorious in the track meet held here on Saturday. Stoughton sent quite a delegation but her representatives will need to practice up before trying for honors in the field with Evansville again.

Mr. Mack, D. O., has recently moved his family to Evansville. He is occupying the I. A. Hoxie flat.

Mrs. C. F. Tallard of Edgerton, who possesses a rich full contralto voice assisted at the Congregational church Sunday by singing solos both morning and evening.

All of the grades in our public school united in presenting a fine entertainment on Saturday evening. Miss Best has been teaching vocal music in the school during the past term and she and the grade teachers may be proud of the work done by the pupils. It is estimated that two hundred youngsters were on the stage at one time and everything was orderly under the direction of Prof. Kling.

Miss Theo Numger and Mr. W. N. Ayers, both of this city were married last Wednesday evening, May 15 in the Free Baptist church. Miss Munger has been the efficient organist of the church for a number of years and Mr. Ayers, the tenor singer in the choir. After the ceremony, which was performed by Rev. Miner the company retired to the home of Mr. and Mrs. A. W. Cary where refreshments were served.

A secret society, Knights of the Globe, has recently been organized here. Two garrisons, Virginia Dare garrison No. 8, Eminent Ladies, and a Sir Knights' garrison were instituted. The order promises to be a very popular one.

Mrs. Campbell of Soldiers Grove is in the Evans sanitarium receiving treatment from Dr. Evans, Jr.

Frank Owen and Frank Pepper are improving their houses with good coats of paint.

The new public library books are being received and will be ready for use about June 1st.

The entertainment at the Methodist church last Friday night was pronounced the best of its kind given in Footville for some time. Mrs. Stair is master of her position and is unusually pleasing in her delivery of selections. The music was well rendered by local singers.

Children's day exercises are under preparation by both the Christian and Methodist Sunday schools.

The "bazaar" for the benefit of the library will be held about the middle of June. The hall will be open each

days. Each evening in connection with the bazaar there will be a good entertainment for which there will be no extra charges except the second evening when the people are expected to come in twos at which an admission fee of two cents per couple will be charged. Coffee and wafers will be served for the sum of two cents. The first entertainment, "The Choirmaster's Troubles," will be especially good. There will also be a "Gypsy" entertainment under the management of Prof. Nicholas. Other attractions will be recitations by Miss Mabel Taylor, and music by the orchestra. Refreshments will be served each evening.

LEYDEN.

Leyden, May 21.—The weather is rather windy, cold and disagreeable for this time of the year, and roads rather dusty, but regardless of the roads many of our people are enjoying bicycle and buggy riding today.

GRANGE BUILDING, PAN-AMERICAN EXPOSITION.

The National Grange and New York State Committee of the Grangers have arranged to entertain 300,000 Grangers during the Exposition. Tickets entitling Grangers to the use of the Grange building and securing accommodations in the city are being supplied to all Granges in the United States and Canada.

MILITARY CAMPS.

Accommodations For the Soldier Boys at the Pan-American Exposition.

Many military organizations intend to visit the Pan-American Exposition during the summer. Arrangements have been made to provide first class accommodations for them.

The Exposition will maintain a permanent camp within the grounds for the accommodation of about 200 men at one time.

This camp will be supplied with tents, floors, cots, buckets, basins, pint cups, light, water and sinks, for the use of which no charge will be made. It will be necessary for visiting organizations to furnish their own blankets and subsistence.

There will be no accommodation for cooking in this camp, but the visitors will no doubt be able to make satisfactory arrangements with restaurants on the grounds at reasonable rates.

It is expected that organizations taking advantage of these camp privileges will, at such time as may be agreed upon beforehand, give military exhibitions without charge in the Stadium.

Bands in uniform will be admitted to the grounds free. Organizations using this camp will pay one general admission per man when they enter the grounds and must be governed by the rules and regulations laid down by the Exposition Company.

On account of the large number of organizations now applying for camp facilities at the Exposition the use of this camp will be limited to a period not exceeding six days for any one organization.

Large bodies of troops visiting the Exposition must be quartered outside the grounds, where a large camp for this purpose has been established.

Major Charles J. Wolf is in charge of the Military Bureau, and he is kept very busy these days furnishing information to organizations intending to visit the Exposition.

The little bee is very busy at the Pan-American Exposition, gathering and storing honey in glass hives in full view of visitors.

A searchlight on the Electric Tower of the Pan-American Exposition casts rays for a distance of 50 miles.

ACCOMMODATIONS FOR VISITORS IN BUFFALO.

Hundreds of Hotels, Boarding and Rooming Houses, Besides Many Private Homes, on the List.

So much has been said and written about the ability of the city of Buffalo to care for the crowds which will attend the Pan-American Exposition this summer that a few facts and figures will be appreciated by the general public.

In the first place, there are listed more than 200 hotels, which will give accommodation to 30,000 people; there are 650 boarding and rooming houses, affording accommodation for 18,500, while 7,000 owners of houses, most of whom never before hung out their latchstring for a consideration, have signified their intention of opening their houses for the accommodation of visitors to Buffalo this summer. These 7,000 homes will accommodate at least 100,000 visitors.

The Exposition Company has arranged to furnish tent accommodation on the Exposition grounds for 250 uniformed men. There are also two companies arranging tent systems which will afford additional accommodation outside of the grounds for 1,500 or so.

In addition to all this, there are a large number of buildings throughout the city now being remodeled and converted into hotels, the plans of which are not far enough along to afford an accurate description or to estimate accommodation at the present time. It is safe to estimate the present capacity of the city of Buffalo to accommodate 150,000 strangers. To this may be added accommodations for at least 50,000 in the surrounding towns, such as Tonawanda, La Salle, Niagara Falls, Lockport, Williamsville, Getzville, Depew and Lancaster, all within a short trolley ride of the city.

Rates in hotels range from \$1 per day upward. As ridiculous stories have been circulated in regard to exorbitant hotel rates, it is well to note the rates that have been established at the Iroquois, the most expensive hotel in the city. These are, for one in a room without bath, \$3 and upward; for two in a room without bath, \$5 and upward, thus making the minimum rate \$2.50 per individual. The rate for a room with bath for one person is \$5 or for two in a room \$7.50. This is on the European plan. Of course there are rooms and suites of rooms in this hotel for much higher rates for those who wish to pay them, but the prices here given are the highest in the city for hotel

MUSIC AT THE EXPOSITION.

Many of the Best Bands of the United States to Be Heard at Buffalo.

The musical features at the Pan-American Exposition will embrace the several classes of music. The most prominent will be the band music, furnished by some of the best known bands of the Western World. No less than 75 orchestras have been engaged for daily recitals in the Temple of Music, where a magnificent organ has been installed.

The bands engaged for the Exposition are as follows:

Mexican Mounted Artillery Band of 50 men, under the direction of Captain Ricardo Pacheco, for the entire season.
 Seventy-fourth Regiment Band, Buffalo, 35 men, May 1 to July 20.
 Sixty-fifth Regiment Band, Buffalo, 35 men, May 1 to July 20.
 Seventy-first Regiment Band, New York city, 45 men, May 6 to June 1.
 Thirteenth Band, Hamilton, Ontario, 40 men, June 3 to June 8.
 Sousa's Band, New York city, 65 men, June 10 to July 6.
 Elgin Band, Elgin, Ill., 60 men, July 8 to Aug. 4.
 Santa's Band, Buffalo, 36 men, July 20 to Aug. 24.
 Carlisle Indian Band, Carlisle, Pa., 40 men, July 20 to Aug. 24.
 Ithaca Band, Ithaca, N. Y., 25 men, Aug. 5 to Aug. 10.
 Forty-eighth Highlanders' Band, Toronto, Ontario, 50 men, Aug. 25 to Aug. 31.
 Robertson's Band, Albany, N. Y., 40 men, Aug. 26 to Sept. 1.
 Salem Cadet Band, Salem, Mass., 45 men, Sept. 2 to Sept. 15.
 Brooks's Marine Band, Chicago, 50 men, Sept. 9 to Oct. 5.
 Boston Ladies' Band, Boston, Mass., 80 ladies, Sept. 16 to Sept. 22.
 Nineteenth Regiment Band, St. Catharines, Ontario, 45 men, Sept. 16 to Sept. 21.
 Philharmonic U. S. Band, Chicago, 45 men, Aug. 5 to Aug. 25.
 Victor Herbert's Orchestra, Pittsburgh, 75 men, Oct. 7.
 Innes' Band, New York city, Oct. 7 to Oct. 21.

Other bands with whom engagements are pending are Cincinnati, Cleveland and Detroit organizations.

The First Thing the Doctor Does

No matter what your trouble is—is to get your bowels working properly, and prescribe some sort of laxative; and he is right. About every disease you can think of creeps into the system when it is clogged up—full of poison, caused by constipation. Keep disease out by keeping constipation out. "Laxakola Does It."

Laxakola, the great tonic laxative, keeps the bowels open and regular, strengthens the mucous membranes of the stomach and acts directly upon the liver and kidneys, keeping them active and strong, the blood is purified, every organ and function of the body is strengthened, nervousness disappears and you feel invigorated and toned up.

For tired, worn out, faded women, whose systems are run down, blood thin, faces drawn and haggard, and that general "all gone" feeling, Laxakola is the ideal medicine. It gently moves the bowels and thus removes the cause, while its marvelous tonic properties clear the complexion, stimulates the liver, quickens the circulation, increases the flesh, brightens the eye and recuperates and tones up the entire system.

At druggists 25c and 50c, or send for free sample to THE LAXAKOLA CO., 132 Nassau St., N. Y., or 555 Dearborn St., Chicago, Ill.

DEATH REACHED HIM ON A RAILWAY TRAIN

GEORGE P. LOEHNIS EXPIRES
ON MADISON PASSENGER.

Sun Prairie, Wis., May, Got on the train at Davis Junction, in a very weak condition, and died on the way to this city—He Had Consumption.

While still a long distance from the home he was trying to reach, to weak from disease to help himself in the least, without a friend but the kind railroad officials to care for him in his last moments, George P. Loehnis of Sun Prairie, Wis., died of consumption this morning on the Rockford and Madison passenger train due here at 9:15 a. m. when the train was still about three miles distant from this city.

When the train arrived in town the officials of the road were notified of the death and F. D. Kimball called. The body was prepared for shipment to his home as soon as his relatives were heard from.

He was placed on the Rockford and Madison train at Davis Junction. He was then in such a condition that the train men saw that death was not far distant. He was taken into the smoking car and placed in a seat. Cushions were placed around him to make his last moments as easy as possible.

Conductor Murphy showed him every possible attention and worked over him all of the time, when not occupied with the duties of his train. No relative could have been more kind to him than the big conductor who looked after him like a brother.

The other trainmen lent all the assistance they could and did all that could be done to keep him alive until he reached his home, but he was too far gone and expired shortly before reaching this city.

Loehnis had evidently been South in the hope of regaining his health and when he found that there was no hope for him had made an effort to get back home. He had a railroad ticket in his pocket giving him passage from San Antonio, Tex., to Sun Prairie, Wis. There was nothing to show how long he had been in Texas, but he had evidently stayed as long as there was any hope for him.

He appeared to be a man of means as he had considerable money on his person and a watch and chain. He also had papers which showed he was a member of the Catholic order of Foresters. He appeared to be between thirty-eight and forty years of age, but the body was so emaciated that it was hard to tell from his looks how old he was.

Dr. Joe Whiting examined the body and pronounced it a case of death by consumption.

Chief Hogan received a telegram this afternoon from Sun Prairie stating that some of Loehnis' relatives would be here at six o'clock to take charge of the remains.

Mrs. W. S. Jones Dead
Mrs. W. S. Jones of Edgerton, mother of S. W. Jones of this city, died suddenly at her home yesterday afternoon at 5:30 o'clock. She was sixty-five years of age and had been in good health up to the time she was taken sick. She had been visiting her daughter, Mrs. Frank L. Burdick during the afternoon and on her return to her home was taken suddenly ill and expired within half an hour. She had resided in Edgerton for many years and was universally respected. She was also well known in this city and had many friends residing here. She leaves four children surviving her, two sons, S. W. Jones of this city and A. B. Jones of Milton Junction and two daughters, Mrs. Frank L. Burdick of Edgerton and Mrs. Fred Stewart of Rock Prairie. The funeral will be held from her home in Edgerton on Friday afternoon at one o'clock.

Mrs. Edmund Toldrian
Mrs. Edmund Toldrian passed away yesterday at her home, 406 Center avenue after a protracted illness. She was well known in the city and had many friends who will be pained to hear of her death. She leaves to mourn her death a husband and one son. The funeral will be held Thursday morning at 9 o'clock from the home and at 10 o'clock from St. Mary's church. The interment will be at Mt. Olivet.

Patrick McCaffrey's Funeral.
The funeral of the late Patrick McCaffrey was held from St. Patrick's church this morning at 9:30 o'clock. The Rev. J. J. Collins officiating. The services were attended by a large number of friends and relatives, and many floral offerings were made. The interment was at Mount Olivet cemetery. The pall bearers were Patrick Lillis, Michael Madden, Patrick Joyce, Michael Mulcahy, James Kemmett, and Michael Joyce.

NEW FACTORY TO MAKE BARB WIRE

The Pritzlaff Hardware Company of Milwaukee Are Back of the Enterprise.

In a very short time Janesville will have a new factory for the manufacture of barb wire, woven fence wire, nails and staples.

The exact location of the new industry has not yet been given out but will in all probability be on North River street on the west side of the river.

The Pritzlaff Hardware Company of Milwaukee are back of the enterprise and several local merchants and capitalists are also interested.

The new plant will be equipped with the patent wire machines made by M. D. Taylor of this city, which have all the latest improvements. The plant will be an up to date one in every particular and will employ a large number of hands.

This industry has been on the tapis for some time but a good location for the factory could not be secured. This has now been arranged for and in a short time the work of putting the building in shape for the machinery will be commenced.

It is understood that the raw material will be shipped here by the Pritzlaff Hardware Company from Milwaukee, who will be the distributors of the finished product.

MR. NEWHALL IS STILL UNCONSCIOUS

A telegram was received this morning from Eau Claire by relatives of E. D. Newhall, who was found in his room at the hotel yesterday morning overcome with gas. The telegram stated that Mr. Newhall was still unconscious and that there was but slight chance of his recovery.

No particulars regarding how he came to turn on the gas have been received as his staying unconscious prevents any insight into the mystery.

BOX CAR THIEVES WORKING THE YARDS

The Chicago, Milwaukee & St. Paul railroad company are having considerable trouble of late with box car thieves. At Milton on Saturday night a car was broken into and a quantity of goods taken. Last night another car was opened by the thieves and a quantity of shoes taken. The railroad officials think there is a gang of box car thieves operating along the line who are experts at the business.

The officers have been working on the case for some days and expect soon to have the guilty parties in custody.

THE TALE OF A BOSTONIAN

While I am a stranger in your city, I take this means of introducing myself to you. My name is "The Bostonian" Chocolate creams. In the East, where I am all the rage, I am pronounced by all the best judges of fine candies to be one of the finest products made in chocolate. Compare me with any other make, and you will find that I get the preference, why? Because money cannot produce anything finer at any price. The best evidence of this is, if you once try me, you will say, I am "simply delicious." Remember I am for sale only at Grubbs. Fancy boxes elegantly wrapped 35 cents per box for this week.

WILL ASK A PARDON FOR FRED JOHNSON

Man Has a Wife and Family in Beloit Which He Ought To Be Allowed to Support.

S. W. Menzies of Beloit was in the city this morning getting the necessary documents for his appeal to Governor La Follette for a pardon for Fred Johnson of Beloit sent to Wau-pun in October, 1900 for larceny.

Johnson was convicted of larceny in the municipal court of this city. Judge Fifield sentenced him to one year in the Waupun prison for the offense and said in his letter to the governor that he believed the man would reform and had already been sufficiently punished for the crime.

Johnson has a wife and family in Beloit. One of the girls is sickly and the mother has to work very hard to keep the family going. Mr. Menzies thinks it would be a good thing if Johnson were set free and allowed to support his family. With this idea in view he circulated a petition which was signed by a large number of Beloit citizens, the municipal judge and the district attorney.

He will go to Madison tomorrow, armed with his petition and letters and ask the governor for a pardon.

NEWS AND GOSSIP AROUND THE STATE

APPLETON HAVING AN UNPRECEDENTED BOOM.

The Northwestern Road Building Pulp Docks at De Pere, Also a New Depot at Racine—Sup't Cooley Wins His Fight at Calumet—Regimental Reunion at Baraboo June 11

During the present year nearly \$2,000,000 will be spent on improvements and factories in the city of Appleton. Never since the city was incorporated has it experienced such a boom as at present. Heretofore its growth has been steady but slow, anything in the nature of a business or building boom never having been felt. The conditions now obtaining, however, have reversed all opinions that old settlers had about growth of population and advancement. Real estate has taken a jump, wages for laborers have been increased nearly 50 per cent. in some instances; but still the demand for labor, both skilled and common, is greatly in excess of the supply, while all over the city new homes are springing up with mushroom rapidity.

The Northwestern road is about to commence operations at its pulp docks at De Pere. A switch engine and twenty cars will be run daily from the pulp docks at Long Tail point to Appleton and Kaukauna, where the pulpwood is used by the paper mills. This pulpwood is towed from Canada in rafts by tugs and loaded onto these cars at the point. The trestles and tracks at Long Tail point have been repaired and everything is in readiness for a big pulpwood business this season. In addition to the pulpwood shipments by rail, large quantities will be transported by water. Capt. Joseph Martell of De Pere has taken a contract to haul 12,000 cords from Long Tail point to upriver points. The wood will be taken up by scows towed by the tug Volunteer, which will be kept busy at the contract all summer.

Probably the most unique resort in the state is now located just outside the city limits of Marinette. It was established by a woman giving the name of Mrs. J. Sherman of Milwaukee. Heretofore every place of this kind has been burned down by residents of the locality in which it was located. Mrs. Sherman has provided against this by sheathing the entire building with heavy iron, so that from the outside it is practically fireproof and also bullet proof. It has been christened the Battle-ship Maine and was established in defiance of the authorities. The farmers will make an effort to rid the locality of the resort, but on account of the peculiar construction of the place, the problem is a hard one to solve.

The Chicago & Northwestern Railway company will build a \$50,000 depot in Racine, to take the place of the old building located just south of State street. It will be of stone and with all the modern improvements. It will be located farther south than the present building so that trains will not obstruct State street. It will be completed and ready for occupation by the time snow flies.

The Calumet schools have at last ended the most bitter fight in their history. The fight was between members of the board and the bone of contention was the superintendent, Frank W. Cooley, the present superintendent, winning out. The fight against Cooley has been on for the past two years in the board, and before it ended attacks were made on the characters of many of the women teachers. Finally the board has decided to retain Cooley as superintendent, the vote being 3 to 2 in his favor. Some of the accused teachers were brought before the committee, but they were exonerated of all blame.

At a union meeting of the churches Sunday night at Appleton, a vote to have been taken on the Sunday rest subject was evaded, as it was found that there was a distinct sentiment against the resolution introduced. An attorney, after ministers had spoken for Sunday closing, said that the audience was not a representative one, as it was nine-tenths women, and one-tenth ministers, and people outside the business world. It had been planned to pass resolutions against open saloons, Sunday baseball and the like.

Richard Connors of Big Creek, Dane county, while plowing, was attacked by a rattlesnake, which he killed after a fierce fight. The snake measured seven feet three inches in length, and had eighteen rattles. This is the second largest snake of

its species ever killed in that vicinity.

Fourteen Indian boys and girls passed through Clintonville Saturday on their way to the school at Carlisle, Pa. They were from the Menominee reservation.

Chief of Police Anderson of Wausau has resigned on account of trouble between the mayor of the city and the police and fire commissioners. The mayor claims the right to reduce the police force without the consent of the commissioners and trouble has resulted which caused the chief to resign.

E. M. Kemp, one of the owners of the Wabash Screen Door factory, at Rhinelander, while south recently arranged for the erection of a screen door factory at Memphis, Tenn.

Mrs. Mary Emmons, one of the oldest settlers of Wisconsin, is dead at Rutland, Dane County, aged 74 years. She was born in New York and came to Rutland in 1846.

The fourteenth annual reunion of the Fourteenth Wisconsin regiment will be held at Baraboo, Tuesday, Wednesday and Thursday, June 11, 12 and 13. The program will include an address of welcome by Mayor McFetridge, a response by Capt. F. H. Madgeburg of Milwaukee, president of the regimental association, Thursday, June 13, will be spent at Devil's Lake as the guests of Joe Hooker post and the Woman's Relief corps of Baraboo.

When Mrs. Mary C. Upham closed her president's address yesterday afternoon the convention showed its appreciation by giving her a rising vote of thanks and the Chautauqua salute of fluttering handkerchiefs.

In the course of her parliamentary drill, yesterday afternoon, Mrs. V. H. Campbell had a little difficulty in enjoining the ladies of the convention with a desire to take an active part in the drill. Finally she said "Oh, ladies! you who are not willing to vote on a woman's convention what are you going to do when a big temperance question comes along to be voted on? These conventions are held partly for the purpose of preparing us so that we will know how to use the right of suffrage when we secure it."

One of the pleasantest features of the convention is the social hour at noon when the delegates enjoy renewing old friendships and forming new ones. The ladies of the Baptist church served an excellent dinner yesterday and today and the patronage was very large, many local people taking advantage of the opportunity to dine with the visitors. Tomorrow noon the dinner will be served by the ladies of the First M. E. church.

Miss Addie Austin, representative of the Woman's Temperance Publishing Association, is attending the convention. She has with her a well selected stock of literature published by the house she represents and her table at the rear of the church auditorium is an attractive place.

Mr. and Mrs. M. P. Rindlaub, of Platteville, are visitors at the convention. Mr. Rindlaub is the veteran newspaper man and ex-president of the Wisconsin Press Association.

Mrs. V. H. Campbell is the convention "newsboy" and she is a hustler in that line of business as well as in every other.

Mrs. Hetta S. Hastings of Green Bay is one of the convention's bright women and state orator. She is the guest of her friend, Miss Kate Field.

An amusing occurrence "on the side" at the convention yesterday was the sale of rubbers which was conducted in one corner of the church. Many of the delegates came from home without this article of wearing apparel which the weather made necessary and before the meeting was called to order yesterday afternoon the ladies were asked informally how many would like to buy a pair of rubbers if the opportunity were given. A large number expressed such a desire and Presiding Elder Stevens obligingly went to a shoe store and returned with a large assortment which went off like the proverbial hot cakes. Some of the ladies took Rev. Stevens for a shoe dealer and criticised his stock quite freely.

Mrs. Upham's address yesterday contained a bit of clever original verse, a fact which Mrs. Cooke, the jolly state treasurer discovered and announced to the convention. Mrs. Upham explained it laughingly by saying that she wanted a little poem and as she couldn't find just what she was looking for in Whittier or Longfellow she made it herself.

Some of the delegates on going to the homes to which they were assigned were told that the people had decided that it would be impossible to entertain them. Such lack of courtesy cannot be too deeply deplored.

Dr. M. M. Sanders of Racine and Mrs. Richards of Fort Atkinson are the guests of Mrs. Etta M. Poorman of 213 South Academy street.

Rev. Frank J. Poorman of Cuba City is spending this week with his family and taking in the convention.

"Children love Mrs. Austin's Wheat Food, because it tastes good, better than oatmeal and easily prepared. Ask your grocer for it."

WRECKED CREW REACHES PORT

Russian Steamer Arrives at Philadelphia with Rescued Men.

Philadelphia, May 22.—The Russian steamer Urania, Capt. Sjolund of the United Fruit company, arrived here today with sixteen of the crew of the German steamer Schleswig, wrecked at Galena Point, near Port Maria, Jamaica, while bound from Santiago for Port Antonio.

The crew say they were deserted by Capt. Johann Schlater and First Mate Wilhelm Vollmer after they had reached shore. The sailors assert that wreckers stripped the vessel and took all of their personal property. They made their way to Port Antonio and the agents of the Schleswig furnished them transportation to this port.

Charles A. Boutelle Dead.

Boston, Mass., May 22.—Former Congressman Charles A. Boutelle of Bangor, Me., died at the McLean Asylum, Waverly, Mass. Mr. Boutelle had been at the institution for many months for treatment on account of brain trouble. It was due mainly to his efforts that Congress provided for the construction of the first three modern battleships of the United States navy.

Yale Dean's Son Dead.

New Haven, Conn., May 22.—Alfred Parks Wright, who has led the class of 1901 at Yale in scholarship during most of its course, died yesterday after an illness of several weeks, due to lung trouble. He was 21 years old, and was the second son of Professor Henry P. Wright, dean of the academy department. He won nearly all the prize scholarships open to his class.

Pat Gleason Dies.

New York, May 22.—Patrick Jerome Gleason, former mayor of Long Island City, died suddenly tonight in his apartment in the Battle Ax Club house, the house which he planned, and from which he directed his famous political campaigns. Death was due to heart failure.

Sir John Commerell Dead.

London, May 22.—Sir John Edmund Commerell, admiral of the fleet from 1892 to 1899, is dead.

OFTEN ARE THE BEGINNING OF CONSUMPTION.

Stop Your Cough and Avoid Future Trouble.

We Will Guarantee That We Can Do It For You.

Our Vinol is the Remedy for all Pulmonary Affections

Vinol is a preparation that is delicious to take.

It consists of a delicate table wine in which has been dissolved the active curative principles that are found in the liver of the live cod, and to which cod-liver oil owes its reputation as a remedy for coughs, colds and all wasting diseases.

If there is any one who has a cough, a tendency to take cold easily, or a dread of consumption, we would like to have them call and permit us to explain what we know about Vinol and why we believe it will cure all such troubles more surely and quickly than any other remedy ever given to the public.

Following is a letter which has just come to hand and which shows how beneficially Vinol acted in one instance:

"I had a severe cough of long standing. I was advised by friends to give your Vinol a trial, which I did. Before taking it I had tried many other remedies for coughs without obtaining any relief. With Vinol it was different. I have now used four bottles of it, and am pleased to say my cough has almost entirely left me. I have been decidedly benefited by its use in every way. Very truly yours.—H. E. SMALL, Boston, Mass.

Vinol acts beneficially upon the digestive organs, enabling them to obtain for themselves the elements from which are made firm healthy flesh tissue, sound muscle, strong bone structure and pure blood.

We recommend Vinol unreservedly. If you will call on us at our store, we will tell you why we have such faith in this new wine of cod-liver oil.

We guarantee that if you suffer from any symptoms that indicate troubles for which we know Vinol is intended, we will refund to you your money if you don't find Vinol helps you.

WRECK BANK IN DAYLIGHT

Bold Attempt to Loot Cambridge, Mass., Institution.

USE DYNAMITE ON WALL.

A Trunk Filled with Money Is Blown Across the Room Where the Thieves Cannot Reach It—Two Officials Are Hurt.

Cambridge, Mass., May 22.—The Cambridgeport National Bank building was wrecked in the forenoon in what is believed to have been an attempt to steal from the bank a little black trunk containing about \$15,000 in cash and securities. The plan was bold almost to the point of foolhardiness, but it might have been successful had not the shock of the explosion blown the trunk out of reach. It is remarkable that no one was killed by the explosion. A flying brick struck Cashier Will F. Roaf on the back of the head and inflicted a severe scalp wound, but after he had the wound dressed at a neighboring drug store he insisted on returning to his desk. The bank building was considerably damaged. In addition to the big gap in the wall nearly every door and window in the building was blown out by dynamite. Banisters were torn down and gas pipes twisted. The cloud of mortar dust which shrouded the place gave rise to a supposition that the building was on fire, and the fire department was called out.

Officers Hurled from Desks. Mr. Roaf was knocked almost senseless by a blow on the back of his head. Mr. Davis, who stood at a ledger within six feet of the point of the explosion, was blown from his feet. A cloud of dust and mortar settled over everything. "Look out for your cash, Will," called Davis, fearing a raid from the rear of the bank, which opened into a yard. He rushed to the front of the building. "Get the police," he yelled to a citizen he met there, "and place a man on guard at the rear." The citizen rushed to obey.

Trunk Blown Beyond Reach. The explosion not only blew a hole in the wall, but also blew down the shelf and the little black trunk. The trunk was closed at the time and the force of the explosion swept it almost under the counter. The police have some one under suspicion, but refuse to disclose any hint to his identity. Immediately after the explosion the officers of the City National Bank and the First National Bank offered the privileges of their banks to the Cambridgeport National and the officers were gratefully accepted. The bank is the oldest in the University City, having been established in 1826, when it was known as the Cambridge Bank. Repairs will be made at once and the officials hope to carry on business as usual tomorrow.

One Killed and Four Injured. Chicago, May 22.—The wrecking of Central Music Hall building cost one life, while four men were painfully but not seriously injured. The accident happened shortly after 4 o'clock when scores of men were lined up to receive their pay. The four men who were injured were standing on one of the big sidewalk flagstones when it broke and plunged them into the vacant space below. The fifth was working below and was crushed by the falling stone and the weight of the men upon it. The dead man, Joseph Findlay, was a mechanic, 32 years old and single.

Wu Appeals to Emperor. Washington, May 22.—The Chinese minister, Mr. Tu Ting Fang, has completed his memorial to the throne concerning reforms in the imperial system, and the document has been forwarded to Peking. Owing to the importance which is attached by the Chinese to a memorial to the throne, great care was exercised in its preparation. The most expert Chinese chirographer on the legation staff executed the document with minute precision, and in order to preserve the same flowing Chinese style throughout only this one official had a hand in the manuscript.

Admiral Rodgers at Cavite. Washington, May 22.—A cablegram received at the Navy Department from Rear Admiral Rodgers announced his arrival at Cavite on board the flagship New York. Admiral Rodgers becomes senior squadron commander on the Asiatic station, succeeding Admiral Kempff, who will be the junior squadron commander of the station.

Disciple of Dowie Convicted. White Plains, N. Y., May 22.—J. Luther Pierson, a disciple of "Dr." Dowie of Chicago and an old resident of Valhalla, five miles from here, was convicted today of violating the statutes in failing to call a doctor for his dying daughter. She died while he and several assistants were praying for her.

Women Protest Against Shows. Eau Claire, Wis., May 22.—The Woman's Club adopted resolutions offered by Mrs. Galloway to send a committee to wait on the street fair organization and request that such degrading dances as were allowed in tent shows last year be prohibited this year.

Fire Damages Paper Mills. Marseilles, Ill., May 22.—Fire that started under the print paper machine from an unknown cause caused a loss of nearly \$200,000 to the large and finely constructed plant of the W. D. Boyce Paper Mills Company.

LATEST FOREIGN NEWS.

Francis Joseph Talks Peace. Vienna, May 22.—The delegations were received by Emperor Francis Joseph at the Hofburg today with the usual ceremonies. Replying to the addresses presented, the emperor emphasized the "continuance of the unaltered cordial relationship of all the empires allied with us," and "the friendly relations of all the powers," deducing "from this gratifying political situation the just hope that peace will continue to be maintained."

Private Accused of Forgery. Manila, May 22.—E. C. Lawrence, formerly a private in the thirty-third volunteer infantry and afterward employed as a civilian clerk in the adjutant general's office at Manila, has been accused of forging the signature of Captain Slavens, the insular disbursement officer, to certain checks purporting to be payable to General MacArthur.

Vitriol for Enemy. Romeo, Mich., May 22.—Dr. Charles A. Spencer threw the contents of a vial of oil of vitriol in the face of Attorney J. L. Starkweather as he entered the depot on his way to Mount Clemens to attend court.

Spencer had openly declared that he would mark Starkweather for life, the trouble between the two men having grown out of a suit for divorce pending between Spencer and his wife, in which Starkweather was attorney for Mrs. Spencer.

Court Issues Queer Order. Mansfield, O., May 22.—Judge N. M. Wolfe issued an order yesterday requiring newspapers of the county to abstain from publishing anything relating to the case of Mrs. May Fleming, under charge of forgery, which would prejudice the public. Judge Wolfe said the order would be enforced if it meant the destruction of issues of the Mansfield Shield and News.

Suffers from Hydrophobia. Chicago, May 22.—Hattie Muhlum, 8 years old, who was bitten by a St. Bernard dog while playing in front of her home, 105 Montrose avenue, on April 14, is now suffering from hydrophobia. She is being attended by Dr. Hans Zeltner, who says there is little hope for her recovery.

Pennsylvania Partly Reimbursed. Harrisburg, Pa., May 22.—Gov. Stone has received a warrant for \$102,313.06 from the United States government as part payment of the war settlement account. This account covers money expended by the state during the civil and Spanish-American wars.

Shoots Father; Avenge Mother. Saginaw, Mich., May 22.—Percy C. Truesdell, aged 17, shot his father Le Roy Truesdell, in the face with a shotgun. The boy says he did it because his father sold his mother's shoes for drink. The youth is under arrest pending the outcome of the shooting. His parent may die.

Torpedo Boat Again Falls. Washington, May 22.—Lieutenant Commander Dennis Mahan has reported to the navy department another unsuccessful trial of the torpedo boat Goldsborough. This is the fifth attempt of the Goldsborough to make a sea trial which has failed.

Drop in Seat Price. New York, May 22.—A seat on the Stock Exchange was sold yesterday for \$60,000, a drop of \$10,000 from the last sale.

Lonely Homes

A home is never complete without children. Yet many homes are childless. Many wives are desolate for the lack of a child to love. Their lives are aimless—void of the high motives of motherhood. While barrenness is causing incalculable sadness and sorrow, it exists in most cases on account of some little female trouble, which Wine of Cardui would speedily set right. This pure Wine regulates the disordered female organs by building up the worn out nerves and regulating the menstrual flow. It restores the fallen womb to its proper place. By strengthening the generative organs, it makes pregnancy possible where barrenness exists. You can depend on

WINE OF CARDUI

Suffering women all over the land have been depending on it for seventy-five years. No more convincing proof can be given than the testimony of Mrs. Benson, who is only one of thousands of women to whom Wine of Cardui has brought a permanent cure. Many cases of miscarriage—that trouble which robs mothers of their hopes—have been avoided by timely use of the Wine. You are asked to try Wine of Cardui and Theodor's Black-Draught, its companion medicine. Nine out of ten cases of female trouble, barrenness included, yield to them. All druggists sell \$1.00 bottles of Wine of Cardui.

Last May I had a miscarriage, which was followed by flooding. I read your Almanac and my husband got me a bottle of Wine of Cardui and it stopped my flooding and restored my fallen womb to its place. Now I am cured after taking three bottles and have another to take which I got this morning. I am expecting to become a mother and Wine of Cardui will be my doctor.

Pan-American Exposition

Buffalo, N. Y., May 1 to Nov. 1.

In its court settings, architectural, fountain and electrical effects, sculptural adornment, horticultural and floral embellishment, and color decorations this exposition will surpass all others.

To enjoy its charms, with the added attraction of Niagara Falls will be a most delightful privilege.

As the only double track railway from the West to Buffalo (meaning greater safety and dispatch in traveling) and by reason of its furnishing the most complete and frequent service of any line, the Lake Shore & Michigan Southern with its eight through trains daily, including the only daylight train, will prove the most desirable route for exposition travel.

In making it your choice you will travel well. It takes you through the richest and fairest portion of the Middle States, including the beautiful Western Reserve country with nearly 300 miles of ride along the picturesque south shore of Lake Erie.

All tickets over this route afford use of steamers either way between Cleveland and Buffalo, also stop at Chautauque on return trip within limit of ticket. "Book of Trains" containing full information about Lake Shore service free on application to F. M. BYRON, G. W. A., Chicago.

them to welcome any one but the great leader who has gone above as their national president. Tenderly she spoke of Miss Willard and then she told the convention how glad she was to be able to be here.

Stood There With Miss Willard
With tears in her eyes and a voice eloquent with emotion Miss Anna Gordon spoke from the platform on which she last stood with Miss Willard on the occasion of her memorable visit to this city just before her death. Miss Gordon spoke beautifully of Miss Willard and then with delicacy connected the name of the revered leader with that of her successor, Mrs. Stevens.

Miss Gordon said that many memories in this church made it hard to be here and yet it was beautiful and she was especially glad to be here with Mrs. Stevens, who is a tower of strength, the possessor of a beautiful character and whom she wished all the ladies knew as the speaker did.

By courtesy Mrs. Stevens and Miss Gordon were made members of the convention.

Resolutions Committee
One member from each district was appointed to serve on the committee of resolutions which includes Mrs. Julia Pinner, Rhineland; Mrs. M. L. Sweet, Whitehall; Mrs. M. E. B. Thompson, Poyntette; Albion E. Smith, Martinville; Mrs. M. A. B. Smith, Madison; Mrs. Hannah A. West, Elkhorn; Mrs. Sarah Knight, Waupaca.

The audience enjoyed thoroughly a sacred solo, beautifully rendered by Mrs. Elmer Hanson of this city.

On Physical Culture
Mrs. Harriet C. Sanderson of Ripon gave a practical demonstration of the value of physical culture by leading the audience of women in a series of simple physical exercises and breathing exercises, thus showing how restful such exercises are to tired muscles. She recommended physical culture as a great boon for busy women.

An excellent paper on "Social Purty" was presented by Mrs. Albion E. Smith of Martinville, who urged the vital need of social reform very eloquently.

An especially interesting feature of the convention was a bright and entertaining report of the W. C. T. U. World's convention brought by Mrs. R. W. Bass of Fond du Lac. The report was full of profitable suggestions and was a concise and valuable one.

One of the Bright Women
Mrs. Ida M. Cooke, of Green Bay, the state treasurer is one of the brightest women of the convention, possessing an attractive personality that makes friends speedily and keeps them. Her snap shots of the national convention were entirely informal and were full of happy personal hits. They also contained many of the convention happenings which especially impressed her.

Rev. W. W. Woodside, pastor of the First M. E. church, brought fraternal greetings from the I. O. G. T., saying that the two organizations are closely related because both stand for total abstinence; both believe in early instruction for the children; both emphasize rescue work and both believe in national prohibition.

Greeting From Y. M. C. A.
J. C. Kline, general secretary of the Y. M. C. A., followed with happily expressed greetings from that organization and A. E. Matheson told briefly of the Francis Murphy League and voiced its cordial greetings in a few well chosen words.

After the necessary announcements the afternoon session was adjourned. The evening service tonight will be one of special interest, Mrs. Stevens and Miss Gordon being on the program for addresses.

LOYAL TEMPERANCE LEGION

Conference This Morning Conducted by Mrs. I. W. Black of Racine

The general session of the convention this morning was preceded by a Loyal Temperance Legion conference held in the church parlors. The conference was attended by about thirty of the delegates who are especially interested in this department of the work for the young people and many of them took an active part, making helpful suggestions and asking pertinent questions.

The conference was conducted by the state secretary, Mrs. I. W. Black of Racine, who is devoted to the interests of the L. T. L. She is a bright and vivacious little woman and her presence was an inspiration to the conference. Methods of work were discussed, the use of the black-board and charts was advised and the combination of the L. T. L. with the Junior church societies was recommended where the legion cannot be conducted separately.

The Juniors were urged to do more for the L. T. L., the Band of Mercy work and the normal work for the training of leaders was highly commended. Workers were urged to hold up the diploma as an incentive to the Senior L. T. L. members to take the course of instruction outlined by the L. T. L.

Tax on Michigan Railways.

Lansing, Mich., May 22.—Both houses of the legislature have adopted the report of the joint conference committee on the railroad ad valorem tax bill, which provides for the taxation of steam railroads upon an ad valorem basis instead of specifically upon their earnings, as at present. The bill originally included express companies, sleeping car companies, telephone and telegraph companies and fast freight lines in its provisions, but the conference committee altered it so that it affects only steam railroads.

Schley Hurries to Son's Bedside.
New York, May 22.—Rear Admiral W. S. Schley has arrived here on the Kaiser Wilhelm der Grosse, having hurried across the ocean on receipt of news that his son, Dr. Winfield Scott Schley, was ill. Dr. Schley, who has been suffering from blood poisoning at St. Luke's hospital, was reported today to be out of danger.

Crocker to Return in August.
New York, May 22.—Richard Crocker will not return to New York until August 15, if he adheres to plans indicated by a letter received here today. In it he invites a friend to visit him at Wantage in July, and intimates that he will ask him to come back with him about the middle of the next month.

Adopt Lower Flour Rate.
St. Paul, Minn., May 22.—Officials of the lake and rail lines have adopted a rate of 19½ cents on flour, both export and domestic. They were forced to this step because the all-rail lines had announced a 15-cent rate from Chicago and at least two lines between the Twin cities and Chicago agreed to a 6-cent rate, making the all-rail flour rates to the seaboard 21 cents. The new 19½ cents rate is immediately effective.

Attorney Sent to Prison.
Bridgeport, Conn., May 22.—Percy L. Johnson, an attorney, pleaded guilty in the superior court to embezzlement of \$50,000 from three trust funds, and was sentenced to six years' imprisonment in the state prison. Johnson recently returned here from Mexico and gave himself up to the authorities.

Package of Money Missing.
Kansas City, Mo., May 22.—A package containing \$8,000 in currency, consigned by registered mail by the National bank of Commerce to a bank in Great Bend, Kan., has disappeared and detectives are working on the theory that it was stolen by a postal clerk. A postoffice employee in Kansas City is under surveillance.

Col. Mills' Action Approved.
Washington, D. C., May 22.—Secretary Root has approved the action of the board of officers at West Point, which recommended the dismissal of five cadets and the suspension of six others. This sustains the course of Col. Mills and the other officers in the recent disturbances at the academy.

Refuses Carnegie's Offer.
Cumberland, Md., May 22.—Andrew Carnegie's offer to give this city \$25,000 for a library, provided the city voted \$2,500 for its support annually, was refused at the city election yesterday. The poor classes objected to any increase in their taxes and voted solidly against the proposition.

Will Fix Values of Transports.
Washington, May 22.—A board of survey has been ordered to report upon the value of the transports McEllan, Sedgwick and Crook, belonging to the West Indian transport service, which is to be abandoned July 1. After the report of the board the transports will be offered for sale.

Clairvoyant Sent to Prison.
Grand Rapids, Mich., May 22.—Mrs. Elizabeth Fitzgerald, alias Mildred Preston, alias Mme. Zingara, alleged clairvoyant, was sentenced in the Superior Court to Detroit house of correction for five years for swindling Miss Evelyn Quimby out of \$800 in money and jewelry.

Patricide Kills Himself.
Middleboro, Ky., May 22.—Hetty Stark, a girl 18 years old, who killed her brother for refusing to accompany her to a dance last week, blew out her brains yesterday. Since killing her brother she has brooded over the deed and it is thought she was insane.

Murder Trial Costs \$15,000.
Cambridge, Mass., May 22.—County Treasurer Hayden said today that the county expenses of the Eastman murder trial would be \$15,000. Up to date bills amounting to nearly \$14,500 have been received, and only a few more are expected.

INDIANS EAT DOGS AT MEDICINE FEAST

Big Buffalo Dance in Honor of the Irish Chief of the Winnebago Indians.

Black River Falls, Wis., May 22.—A big feast and buffalo dance was given at the medicine lodge of Little Soldier, the recently elected medicine man in honor of Thomas Roddy. The braves from far and near assembled to pay honor to the chief, who came among them dispensing presents and provisions. Two fat dogs were prepared for the occasion, but the white chief was not asked to sample the dainty dish prepared by the red men's squaws. The buffalo dance usually only takes place once a year and usually occurs during the blueberry season, but the festivity was carried out rather early in the season in honor of the white chief, who is paying a visit to his tribe.

NO CHEAP EXCURSION OVER NEW RAILROAD

Janesville & Southeastern Will Not Be Opened by an Excursion—Will Charge Full Fare.

There will be no excursion from this city over the Janesville & Southeastern when it is opened June 3rd. A report has been circulated about the city that the road would be opened with an excursion and that a cheap rate would be made. There is no truth in these reports. The road will be opened for regular service June 3rd and the regular Chicago rate charged.

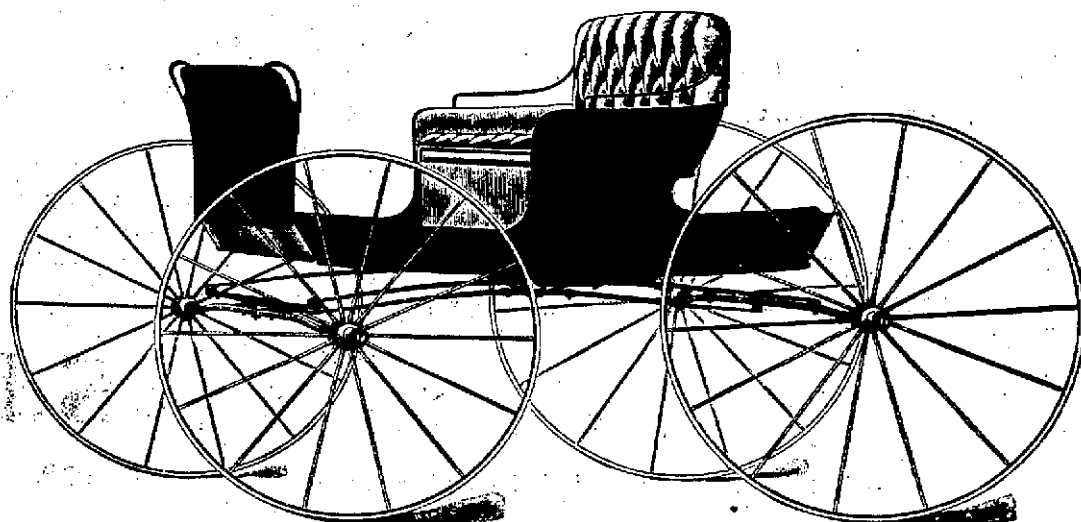

Half Rates to Lincoln, Neb.
Via the North-Western line. Excursion tickets will be sold at one fare for the round trip from stations more than 150 miles, May 23 to 27 inclusive, limited for final return until June 30, inclusive, on account of German Baptist meeting. Apply to agents Chicago & North-Western R'y.

Resumption of Steamer Service via Milwaukee, Wis.
Regular service has been resumed between Milwaukee, Grand Haven, Ottawa Beach and Ludington, Mich. Afternoon trains of the C. M. & St. P. Ry. make close connections at Milwaukee with steamer for all points east. For rates and any other information call at C. M. & St. P. depot.

Charles Levy came up from Chicago yesterday morning and returned last evening.
